For restoring hair upon bald heads out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witness from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send a one dollar and we will forward it, post paid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given.
